

## **MULTI-USE** STORAGE BAG

Model No. TK-10776 | Assembly Instructions

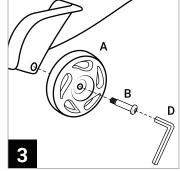

## How to assemble your storage bag

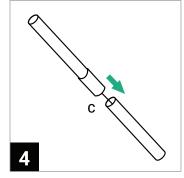

Lock the stabilizing slide bars on the horizontal frame in place.

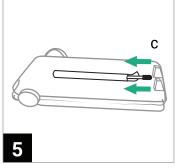

Use the Velcro flaps to hide the stabilizing slide bars.

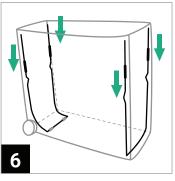

Attach both wheels to the bag. Make sure the wheels are facing the correct direction.

Unfold and connect the post.

Flip the bag over and insert support bar (C) into the bottom sleeve and close the flap.

Flip bag over, raise the bag and lock the stabilizing slide bars on the vertical frames in place.
